19" Rack Mount Vented Blank Panel

Webb 19" blank panel creates a clean and professional look by covering empty space and visible cables in the rack. Vented holes allow greater air flow to keep network components from overheating. These blank panels are simple to install and are available in 1U, 2U, 3U, 4U and 5U sizes to cover all networking requirements.

Features

- 19" rack mount
- Punched vent holes which allows greater air flow to keep network components from overheating
- Pressed angled edging for added strength

Specifications are subject to change without notice based on technical recommendations and related product enhancements
