10" Wall Mount SOHO Cabinet

Webb SOHO network series wall mounting cabinets are designed for network distribution, where swift installation is required at an effective cost. While the product displays all-out performance on cabling and networking infrastructure, the cabinet also provides a commercial value with uncompromising level of quality. The manufacturing process is based on top-notch technology and fully-automated.

Each cabinet is delivered as standard with a glass front door, which is lockable with a barrel designed locking unit. 10" mount available at different heights. This unit is despatched as a single piece assembled product with 10" adjustable equipment mounting rails.
